NuStep offers several optional accessories to facilitate and offer better control when using the machine. Vestibulum pellentesque felis mauris, vitae sollicitudin lectus interdum quis.

Nunc hendrerit massa quis velit condimentum, eget molestie velit finibus. Phasellus congue nec tellus vitae consectetur. Etiam fermentum nibh vel ligula scelerisque, sit amet eleifend urna lacinia. Integer nec diam vitae dolor blandit tincidunt.

Introducing StrideLock

The new StrideLock feature, which allows the user to lock the arm handles and leg pedals when needed, now comes standard on all NuStep models.

NuStep is committed to providing safe and inclusive exercise equipment that people of virtually all ages and ability levels can use. In addition to providing a high performance workout, our products are designed to be accessible for those recovering from injury, illness or surgery and those with limited mobility.
